Miami Fashion: Beauty Booty

You asked, we answered... You wanted the hottest new beauty products on our list for the summer and here they are. Even the most avid beauty addict might not have heard about these late-breaking releases...Here's our latest cosmetic picks to keep your body and your face looking and feeling gorgeous!

Color Lock!
Kenra, a leading label on the shampoo shelves for 50 years, launches the latest addition to its Platinum line. **Kenra Platinum Shampoos and Conditioners** are sulfate-free. Unlike 99% of the shampoos on the market, they don't contain harsh sulfates that strip hair of color and moisture. Ideal for summer fun, conditioners contain sunscreens to further protect hair and color. Price range: \$15-\$17. To locate a salon near you that carries Kenra, click here:
