### step 2

After your hair dries, soften and smooth the curls by applying **shaping cream** to your fingers, then running them through your hair.

**try:** Kenra Platinum Shaping Creme, \$19, ULTA stores

### step 3

Before putting hair into a ponytail, add volume at your crown by teasing your roots with a **fine-tooth comb**. Next, smooth it back with your hands.

“This style makes my frizzy hair look softer and tamed.”

—marisel, 19

### step 4

Gather your hair behind your ear and secure it with an **elastic**. Separate out a 2" section of hair, wrap it around the base of your pony, and pin.
