Pink Products: Kenra for Classic, Quality Haircare.

POSTED ON OCT 9, 2009 | [POST A COMMENT](#)

Kenra, the salon only and fantastic hair care line which boasts classic, quality, haircare is doing a great thing in it's support of Breast Cancer Awareness month. Instead of pledging just one single product with a percentage of proceeds, Kenra is making a flat \$25,000 donation to City of Hope.

You could of course purchase their popular Volume Spray 25, which is shaded pink with the Breast Cancer Awareness ribbon printed on it.

The **City of Hope** is a comprehensive cancer center dedicated to the best in breast cancer research, treatment and education.
