

Storage Cabinet

USE JARS WITH LIDS to help retain the scent of bath salts and soaps; transferring disparate products into similar containers also gives shelves a tidier appearance (glass canisters, \$19-\$44 each; at Pottery Barn).

SAVE ON COUNTER SPACE or neaten the area around your tub by storing items like bubble bath and scented oils along with towels in a stand-alone cabinet (Cartwright Tall Etagerè cabinet, \$749; restorationhardware.com).

ADD SCENT TO LINENS by placing them next to an open jar of perfumed soaps, bath salts or potpourri. If you keep the door closed most of the time, the fragrance will circulate inside the cabinet so your towels will always smell fresh.

PREVENT CLUTTER in drawers by using dividers. To separate items of different sizes, such as makeup
