**Curl Care**

Beautiful autumn curls start with a state-of-the-art haircut, like the Integrated Texture 2005 by Rocco Altobelli Salons. The "IT" haircut starts with a polished, smooth top, with collapsed layers at the bottom to remove weight and maintain volume. A five-curl wave technique creates an edgy, bouncy look. To keep your curls loose and sexy weeks after leaving the salon, maintain your coif with Curl Solutions by Rocco Altobelli's Altobella line. The four-part innovative product system is designed to create smooth, shiny, frizz-free hair using exclusive curl-retention ingredients. Shampoo, conditioner, serum, and shine drops all work together to keep your curls loose and carefree. IT haircut, \$28; Altobella line, \$9.95-\$16.95. Rocco Altobelli Salons, 952-707-1900.

**Keep Your Color**

Fight back against fading color. Protect your highlights or all-over shade with designLINE's Color Care line. The newly reformulated line offers all-day protection from the elements and daily washings. With Color Care shampoo and conditioner, you'll be able to wash your hair more than fifty times before you see any color fading. And Color Shield Spray defends your color from the heat of the flat iron and blowout. \$9.95-\$16.95. Available at Regis Salons, 952-947-7481, or regissalons.com.

**A Big Finish**

The new Kenra Platinum finishing product, Silkening Mist, completes your look with radiance and shine. Spritz your coif with this brilliant shine spray to eliminate frizz, provide thermal protection, and repair split ends. The result is a weightless finish with ultra radiance for any style. Available at Trade Secret Salons, tradesecret.com.
